The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

Part 3rd S.S. No 3 due 5.06

It is submitted that before this case reaches the consideration of the Committee, the Genoa Surveyors should be requested to state whether there was any evidence to show that the rigging had been recently lifted relifted as required by the rules. They should at the same time be requested to state whether the bonneted wedges have been removed, and what arrangements (if any) have been made for completing the Survey.
