The Secretary, Lloyds Register of Shipping, WOKINGHAM.

Dear Sir,

m.v. "FOYLEBANK".

We do not appear to have yet received the certificates covering the Special Survey No. 2 on the Hull and Machinery and Refrigerating Machinery on the above vessel completed at Belfast. The vessel will also no doubt be issued with a new Load Line Certificate and get records for her tailshafts and boiler which were surveyed. The vessel is finally drydocking at Belfast about the 11th. instant, prior to going into commission under Demise Charter to the Admiralty.

Yours faithfully,

For ANDREW WEIR & Co.
