13th February, 1932.

Dear Sir,

M. With reference to my letter of yesterday regarding the links taken from the chain cables of the T.S.M.V. "CONCH", I think it well to inform you that I am to-day in receipt of a further letter from the Society's Surveyors at Glasgow, which states that

"..... the parts of one side of the link have been  
"obtained from Messrs. Harland & Wolff, Ltd., and forwarded  
"to Mr. Green, Superintendent of the Netherton Proving  
"House.  
"As the investigations, which are being carried out by  
"Messrs. Colvilles Ltd., on behalf of the Builders, are  
"not yet completed, the remaining parts of the link will  
"be forwarded at a later date".

I am, Dear Sir,

Yours faithfully,

Secretary.

Mr. H. Green,  
Superintendent,  
Lloyd's Proving House,  
NETHERTON,  
Dudley.
