25th January, 1946.

Dear Sir(s), "LEEUWARDEN".

I am directed to acquaint you that in accordance with the arrangements at present in force for the substitution of Special Periodical Surveys by successive General Examinations at twelve-monthly intervals, a General Examination for maintenance of class of the above-named vessel will require to be held before the end of March next and I shall be glad to learn, for the information of the Committee, what arrangements are proposed to be made to submit her for the requisite inspection.

Yours faithfully,

The General Steam Navigation Co.  
Ltd.,

The Stowage,  
Deptford,  
LONDON, S.E.8.

Clerk to the  
Classification Committee.

P.S. I have to add that the Annual Lead Line Survey becomes due on the 9th March next and it is concluded this matter will receive attention concurrently with the above General Examination.

I have further to inform you that permanent repairs require to be effected to the bunker bulkhead in way of bridge accommodation on the occasion of the General Examination.
