31st July, 1933.

Dear Sirs, *engine (Bauer Wash System) was installed.*

S.

I duly received your letter of the 4th instant relative to the steamer "CIAN MACNAB" and regret to learn of that trouble which has been experienced in connexion with some repairs which were effected to the machinery of this vessel at Batavia.

In the circumstances the matter is being taken up with the Society's Surveyor at that port with a view to ensuring that in similar cases in future he will consult this Office in order that all interests may be best served.

I am, Dear Sirs,

Yours faithfully,

pro Secretary.
