# Lloyd's Register of Shipping,

Hamburg, 21st November, 1936.

Dear Sir,

Reverting to my letter of the 3rd instant re the M.T. " CONGONIAN " Messrs. Howaldtswerke's Yard No. 740 I am enclosing herewith a copy of a letter received by the Builders from the Owners.

This letter gives information regarding the intended loading of the vessel. At my suggestion Messrs. Howaldtswerke put anfurther question to the Owners regarding what arrangements were to be adopted if dry cargo is carried in the middle tanks Nos. 1 and 4.

The Builders have written me a letter which contains the following further information:-

" In reply to our further telephone enquiry in reference to the last sentence of the Owners' letter Mr. Bragg supplied the information that when oil is carried in the centre tanks 2 and 3 and dry dargo in centre tanks Nos. 1 and 4 wood sheathing will be put in place to protect the dry cargo from the warm oil."

I am, Dear Sir,

Yours faithfully

The Secretary,

London.
