Received by Chief Ship Surveyor _____

Received from Chief Ship Surveyor 19 MAR 1941

VESSEL'S NAME Coultarn Rpt. Hull No. 51125

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/32).

Nature of Survey GROUNDING.

This vessel is reported by the Hull Surveyors to have been examined as far as practicable afloat and by a Diver, after grounding, and so far as could be seen no structural damage appears to have been sustained. The Surveyor however recommends ~~that~~ further examination in drydock at the first convenient opportunity

It is submitted action be deferred.

Insert in SHL - drydocking (grounding).

19.3.41.

A report of a damage survey at H&A in January last is awarded.
