

Lloyd's Register of Shipping.

Port OF LIVERPOOL.

12th November, 1942.

This is to Certify that I have

Surveyed the Boiler and Machinery of the M.V. "EMPIRE SAILOR",
6140 gross tons of London,

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I have

Recommended that the record of L.M.C. (C.S.) with date

be made in the Register Book in the case of this vessel when
the survey has been completed, subject to new fire & bilge pump
valve casting being fitted at Owners' convenience.

Parts now examined:—

The Scavenge pump main bearings and Main engine No.1 (from forward)
main bearing and journal.
The bellost pump, the forward S.W. jacket cooling pump,
the after lubricating oil pump.

C. Reed

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
uted, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances
tever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any
y in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its
mittees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
