28th December, 1921.

Dear Sirs,

I duly received your verification of marking form for the S.S. "WENDLAND", and with regard thereto have to inform you that before freeboard certificates are issued I shall be glad if you will forward full particulars regarding moulded depth, length of poop, position of side scuttles, and supports in No.6 hatchway on poop, as requested in my letter of the 28th October last.

I may add that the height of the side scuttles above top of keel should be carefully checked.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Surveyors,

PALMOUTH.
