-----

It is submitted that Messrs. Stathatos & Co. be  
formed that the entry of the class of this vessel in the  
Register Book cannot be made as the reports have not yet been  
received from Liverpool, and the case has not yet been  
considered by the Committee, but it is further submitted that  
Liverpool Surveyors might issue a letter, if it would be of  
service to the Owners, stating that the vessel has been
