

PUMPING ARRANGEMENT Endorsement.

Shipbuilders: Messrs. *Bodewes' Scheepswerf* Yard No. 309

Engineers: Messrs.

Engine No.

Owners: Messrs.

*diagrammatic*

It is submitted that the plan of

*Piping*  
Pumping Arrangement *in the machinery space*

merits approval, provided the arrangements be as

shown and amended on the plan and the remaining

requirements of Sections 20 and 34 of the Rules (1938-9)

be complied with so far as they are applicable.

*It should be pointed out that since the B.H.P. of the main engines is above 350, it will be necessary to employ an additional power pump for bilge service, as now indicated in red on the plan.*

*The capacities of the power pumps used for bilge service should be submitted for consideration.*
