MRS.

Dear Sir,

I have pleasure in stating that Messrs. P. Smit Jr. of this Port have contracted to build a steel screw steamer which will be known as their Yard No. 375. She is to be constructed under the Society's supervision with a view to obtaining the class + 100 A1 "With freeboard."

The structural plans are at present receiving consideration here, and the Builders would esteem it a favour if they could be informed of the freeboards to which the vessel could be entitled to, and accordingly they have forwarded the freeboard particulars which I am transmitting to you to-day.

Trusting you will be good enough to duly furnish the provisional freeboards as desired,

I am, Dear Sir,

Yours faithfully,

R. Cassen
