Urgent

s.s. "CANADIAN TRAVELLER"

A letter has been received from Messrs. Galbraith, Pembroke & Co. stating that they recently purchased for Mr. Achille Lauro, of Naples, the Canadian National Steamship vessels "CANADIAN COMMANDER" and "CANADIAN EXPLORER", and that he is now contemplating the purchase of the "CANADIAN TRAVELLER". To obtain the subsidy from the Italian Government it is necessary that the vessel should have been launched ^{not before} since 1920, and they desire to know the actual launching date of the "CANADIAN TRAVELLER".

It may be stated that in the cases of the "CANADIAN COMMANDER" and "CANADIAN EXPLORER" the Owners gave permission for information regarding the date of launch to be furnished by this Society to intending purchasers.

As the Owners apparently desire to sell the vessel, and it will be in their interests for the intending purchasers to be informed, it is submitted Messrs. Galbraith Pembroke & Co. might be advised that the "CANADIAN TRAVELLER", according to the records in this Office, was launched on the 29th September 1920.
