

S.S. "Desdemona" ex German Steamer
No 56156 in R.B.

This vessel is at present undergoing survey at
Leith with a view to classification with this
Society.

It is submitted that provided a screw down
non-return valve be fitted in the bilge suction
line to the tunnel well, air and sounding
pipes be fitted to the tanks and sounding
pipes be fitted to the holds, and the arrangements
otherwise be in accordance with the requirements
of the Rules, this plan of pumping arrangements
merits approval.
