

W390-0165

For the attention of Mr. Thomson, please.

This vessel has at present a reduction in forebow of 14" for doing  
in the towing opening.

The modulus of the framing as fitted is only  $91\frac{7}{10}\%$  of the Rule Standard for a C.S.B. riller

In these circumstances it is considered the present grounds should be re-alligned.
