SURVEYORS.

Dear Sir,

M.

With reference to the new steamer "FARMSUM", First entry report No. 18190, I beg to enclose herewith the letter received from the Owners stating the omission of the watertight bulkhead in No. 2 hold, and the various documents, six in number, regarding the forgings and castings.

This vessel cannot leave Holland for the United Kingdom yet on account of ice, so there is ample time to inform the Newcastle surveyors from your Office as to what remains to be completed on the hull of the vessel as mentioned on the First entry report.

I am, Dear Sir,

Yours faithfully,

The Secretary,

LONDON.
