Enclosure.

9th December, 1937.

Dear Sirs,

I beg to confirm the conversation over the telephone which Mr. Ritchie, one of the Society's Surveyors on the Chief Engineer Surveyor's Staff in this Office, had with you yesterday in connexion with your analysis of the sample of boiler water taken from the steamer "IRENE MARIA", and have the pleasure to send herewith a copy of the Paper by Dr. S.F. Dorey, the Chief Engineer Surveyor to this Society, on the Chemical Intercrystalline Fracture of Riveted Joints in Boilers, which it is thought might be of interest to you.

I am, Dear Sirs,

Yours faithfully,

Secretary.
