

COPY.

3 Encls.

15th September, 1905.

Sir,

M. I return herewith the sheet of particulars, forwarded to this Office by Mr. Sinnette, of scantlings in the new Steel S.S. Tug No. 135 built by The Ailsa S.B. Co., together with the copies of the approved plans of this vessel, and with regard thereto I am directed to state that, in the circumstances, the vessel will be eligible to be classed A1 "For Towing Purposes", instead of A1 "For River and Towing Purposes" as previously approved.

I have to add that the scantlings shown on the approved sketches of midship section and profile should be amended to be in accordance with the vessel as actually built.

I am, Sir,

Your obedient servant,

Secretary.

T.J. Dodd Esq.,

GLASGOW.
