Dear Sir,

S.S. "HALLAND".

With reference to your letter of the 28th ultimo we beg to advise you that, the vessel having arrived in the Tyne, the matter of the amendment of the Freeboard Marking was taken up with Messrs. T. H. Seed & Co. Ltd., the local Agents, and it had been hoped to arrange for the necessary action to be taken on this occasion. We now are informed by the Ministry of Shipping Surveyors, who have also been making enquiries in the matter, that it will be necessary for the case to stand in abeyance until the vessel returns in a few days time from a voyage to Southampton.

We will advise you further in due course.

We are, Dear Sir,

Yours faithfully,

THE SURVEYORS,
