Lloyd's Register of Shipping,

High Close,  
Wokingham, Berks.

18th June, 1940.

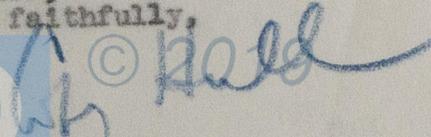

S  
Dear Sirs,

I beg to acquaint you the Committee have today had before them the case of the steamer "HANNAH" referred to in your letter of the 8th instant, and in view of the circumstances as set forth by you, they will be agreeable to the vessel's class in the Register Book, being continued subject to the screwshaft liner being renewed before the end of December next, and not this month as previously stated.

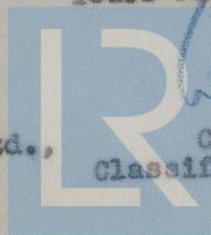

I would take this opportunity to refer to the case of the steamer "NEGGIE" mentioned in your letter of the 12th instant, and may say the Committee have today had before them the report of survey held at Barry, but that to complete the donkey boiler survey, the safety valves require to be adjusted under steam, and it is understood this item will receive attention at the first opportunity.

I am, Dear Sirs,  
Yours faithfully,

Messrs. W. Tulley & Co. Ltd.,  
Bell Chambers,  
Paragon Street,  
HULL.

  
Clerk to the  
Classification Committee.
