

ss. Harkledown

It is submitted the Greenwich Surveyors be requested  
to inform the Builders that in accordance with Statutory  
Rules and Orders 1932, No. 110, Section 9, uprights are  
required to be fitted only when ~~the nature~~ required by the  
nature of the cargo, and when such uprights are  
required sockets are to be fitted in accordance with Para. 13 of  
the above Orders. The sockets shown on the plan which was  
previously submitted did not conform to the order referred to.

If the nature of the cargo to be carried is such that  
uprights are not required it will not be necessary to fit  
sockets, and the arrangement of eye plates now proposed  
can be approved.
