ENCLOSURES

25th October, 1932.

Dear Sir,

I have to acquaint you that a report has been received from the Greenock Surveyors on the Dutch motorship "NEPTUNUS", on the basis of which Convention Freeboards have been computed as per copy of the assignment letter enclosed herewith.

I also enclose, for transmission to the Dutch Authorities, a copy of the report and computation in this case, together with Form 2a.

At the same time I shall be glad if you will call the attention of the Dutch Authorities to the fact that no alternative means of steering is fitted, although the main steering gear is fitted on the poop deck where no timber deck cargo is carried, and to ascertain if this will be approved by them.

I am, Dear Sir,

Yours faithfully,

R. Leeuwenburg, Esq.,
ROTTERDAM.
