The ordinary cargo freeboards as computed under the Convention ^{are} ~~long~~ less favourable than those originally assigned, and the latter have been reassigned.

Copies of the report, ^{computation} should be sent to Messrs. Heunenberg and van Diek.

Mr. Heuvenburg should be requested to call the attention of the Dutch authorities to the fact that no alternative means of steering is fitted, although the main steering gear is fitted on the poop deck where no timber deck cargo is carried, and to ascertain if this will be approved by them.
