Ocean Chambers, Lowgate,

Hull, 21st January, 1938.

Reference

Dear Sir,

We have your letter of the 20th instant relating to the case of the steamer "FAIRPORT", and note your instructions.

We have to-day had an interview with a Mr. Couteau for the Owners, and the Superintendent.

These gentlemen state that some examination of the vessel and her machinery has been carried out in America, but that they do not know whether the Committee will be prepared to accept such examination as part of the survey now to be held.

We shall be glad to be informed if this is the case, and if so, what parts may be taken as having been surveyed.

Should there be plans of this vessel available, we shall be glad if you will send them to us for reference.

We are, Dear Sir,

Yours faithfully,

The Surveyors,
