Copperas Bank Forge,
Pallion, Sunderland.

18th February, 1938.

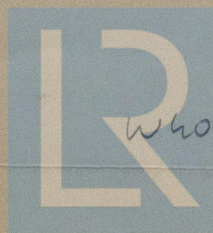

The Principal,
Lloyd's Register of Shipping,
Newcastle.

Dear Sir,

"Fairport"
With reference to the shaft supplied to Messrs. The North Eastern Marine Engineering Co.Ld., Wallsend, against their order No. F.7/44, R.1015/38, 12.1.38, and which we understand, is now being used for the s.s. "Sairporp" and for which we supplied works test certificate on the 1st inst., we hereby certify, that the shaft, was made from Siemens Martin open hearth ingot steel, and the test results obtained are shown on the work test certificate.

Yours faithfully,
T.S. FORSTER & SONS, LTD.

T. S. Forster
