

for Mr. Watt

Steamers "FAIRIBLE" (built 1919), "FAIRLAND" (built 1919) and "FAIRPORT" (built 1919).

Reclassification

It is submitted that the fee of £60 per ship, quoted in endorsement dated 28.10.37, is in order, and that the Liverpool Surveyors be informed accordingly. They should also be advised that this fee covers both hull and machinery, but does not include the statutory fee for assignment of freeboard.

It is considered that it will be sufficient for the Surveyors' purposes if the First Entry Reports only are sent, and it is submitted this be done.
