Messrs. Dick Bros.,
 Hamilton,
 NEWCASTLE.

W. K. Kellerman

Dear Sirs,
 Please find enclosed Blue Print of Vertical High Pressure Boiler,
 No. 195.

The writer saw this Boiler tested at the works yesterday to 200 lbs
 water pressure and everything was tight, and the fire blocks showed
 no signs of going out of shape.

Hoping that everything will be alright when you get this job
 installed.

Yours faithfully,

WAUGH & JOSEPHSON.

W. J. Josephson
