T.S.S. "LETICIA"

Dear Sir:

The recommendations in the foot note on the Freeboard assignment certificate dealt with as under:

1. All ventilator coamings and air pipes are provided with efficient means of closing.
2. The markings now cut in amidships P & S, verified, and found as reported on Cl2(c).
3. The Harbourmaster at Curacao. D.W.I.

notified by letter of the position of the markings and that they are now properly marked on the vessel, in order that an International Load Line Certificate may be issued.

I am, Dear Sir,

Yours faithfully,

E. S. Whitham

For the Surveyors.

ESW:MH.

Referred to the Chief Ship Surveyor.
(Freeboard).
