And
LONDON

ons to be addressed to—
SURVEYORS.

Dear sir,

M.

With reference to the steamer "LETICIA".

I beg to enclose herewith the Dutch freeboard assignment letter and a copy of Report No. 12. The letter being received from the Trieste Surveyors who state that the Dutch lettering has not been put on the vessel, as this was too late, and as the Owners insisted upon the Dutch certificates being issued, I have handed same in to the Owners at this Port, which has also been reported to the Dutch Freeboard Commission. I have however requested the Owners to have the Dutch lettering put on the vessel upon her arrival at Willemstad, which they have promised to do.

In connection with this case, it may be well to inform the surveyors outside Holland, in dealing with Dutch vessels, to have the lettering put on in Dutch, as soon as they receive your assignment letter, as it often occurs that only at the last moment we are able to furnish the certificates and the Dutch assignment letter for signature.

The Secretary,

I am, Dear Sir,

LONDON.

Yours faithfully,

Lloyd's Register
Foundation

W410-0111

LONDON.

The Secretary, I am, Dear Sir,

for information.

to transmit the certificate and the Dutch statement
which occurred this day at the time when the ship
is seen as they leave your office. I have the
Dutch certificate to have the letter put on in Dutch.

to inform the Director of the certificate in question
in connection with this case. It may be well
have promised to do.

which upon was written at Williamsburg, after the

the Certificate to have the Dutch letter put on the

Dutch Freeboard Commission. I have however referred

Certificate of this Board, which has also been referred to the

certificate being issued. I have pending same in to the

see too late and as the Certificate issued upon the Dutch

Dutch lettering has not been put on the vessel, as this

received from the Director of the Board who states that the

letter and a copy of Report No. 15. The letter being

I beg to enclose herewith the Dutch Freeboard statement

with reference to the steamer "TALICIA".
