RETAIN

17th September, 1943.

R.

Dear Sir,

With reference to your report No. 3035 and to the entry contained in your Return 10 for the quarter ended June last respecting the steam tanker "LOS POZOS," I have to acquaint you that the Committee have had before them a communication from this Society's Surveyors at Buenos Aires, from which it appears that the vessel has been abandoned as a Constructive Total Loss, and in the circumstances they have decided to make a record of "Damaged by collision and fire 12.47" against the tanker's name in the Register Book and to expunge her class in accordance with the usual practice.

I shall be glad if you will inform the interested parties accordingly and point out that in the event of the vessel being repaired to the satisfaction of the Society's Surveyors, the notation of casualty will be withdrawn immediately upon reclassification by this Society.

Yours faithfully,

pro Secretary.

C. H. Westbury, Esq.,
