Received by Chief Ship Surveyor.....

Received from Chief Ship Surveyor.....

VESSEL'S NAME Steel Sc. "GOLETA". Rpt. Lth. No 17109.**The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.**

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey.....

It is submitted before this case receives the consideration of the Committee the report should be returned to the Surveyors and they should be requested to fill in, in the space provided for the purpose, the particulars of poop, bridge and forecastle deck stringers and plating, and they should also state the size of the upper deck beams in way of the bridge, the height of the tank side brackets above the base line, and whether the shell plating at the ends is correctly reported.
