

ENCLOSURE.

Newport, Mon. 28th March, 1933.

- 1/4

B. 5m.532

FREEBOARD REPORT on the

*B.S. "Streonshalk"*

It is submitted the Newport Surveyors be requested to forward the following particulars in order that freeboard Certificates may be prepared, viz. -

1. Whether the Special Survey No. 1 will be completed at this time
2. Whether the stern boards in the openings of the fore-castle bulkhead are fitted in riveted channels
3. Whether the doors fitted to the openings at the after end of the bridge are hinged and secured by bolts passing through the bulkhead plating; observing that the original closing appliances were storm boards in riveted channels. ~~Fitted~~
