Dear Sir:

S.S. "GUATEMALA" ex "VALIENTE"

I duly received your letter of the 9th ultimo regarding the above case and note your remarks.

With regard to the question of fitting a low suction valve for the main engine circulating water pump, I regret that I did not make it clear that Mr. Sim's recommendations were concurred in and that the fitting of this valve should not be made a condition of classification.

I am, Dear Sir,

Yours faithfully,

Principal Surveyor,  
 U.S.A. & Canada.

The Secretary,

WOKINGHAM.
