## Lloyd's Register of Shipping,

High Close, Wokingham, Berks.

9th June, 1942.

Dear Sir,

S. I duly received your letter of the 18th ultimo respecting the steamer "GUATEMALA" ex "VALIENTE" and have to say that the contents of the communication you have received from Mr. Sim are noted.

It is observed from Los Angeles Report No. 2807 that the condenser was radically dealt with in October 1941 by the renewal of the tube plates, tubes and division plate.

My letter of the 15th September last made reference to the necessity or otherwise of a low main circulating inlet valve being fitted, but as your reply does not deal with this point, I shall be glad to hear further from you in the matter.

I am, Dear Sir,  
Yours faithfully,

Clerk to the  
Classification Committee.

Wm. Bennett, Esq.  
NEW YORK.
