Dear Sir,

With reference to your classing letter dated 18th November 1927 regarding Trieste Report No. 7596 on the machinery for the above Motor Vessel, we are now advised by the Naples and Genoa Surveyors that the fees and expenses charged by them in this case have been collected by the Registro Italiano and are to be included in the next monthly settlement of fees with that Society.

The Trieste portion of fees has been received by us at the end of December last, and in the circumstances the machinery certificate is being handed over to the Engine Makers, Messrs. Stabilimento Tecnico Triestino.

I am, Dear Sir,

Yours faithfully,

The Secretary,  
LONDON.
