

he tanks examined. Also state
ers, and of the inner bottom plating, especially in the boiler space.

M.S. "BEULAH"

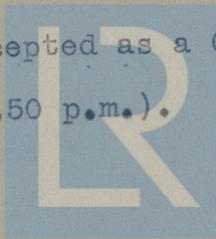

Mr. Yandall, of Lloyd's, states that the Owners have made application for the vessel to be considered as a Constructive Total Loss.

The Underwriters now have the case before them for their consideration.

WPR

20-6-1938.

Later: Vessel has now been accepted as a C.T.L. 2020
(per T.W.Y. at 2.50 p.m.).
