Dear Sirs: re: "R"

Referring to your letter of March 15th, the M. S. "Beulah" was raised on March 8th, 1938, and has been drydocked for survey.

There was no bottom damage found, but considerable deck damage was found.

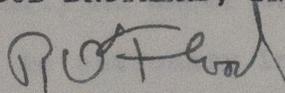

At the present time, tenders have been called, and it is now a question of whether the vessel will be repaired or whether the underwriters will pay a Constructive Total Loss.

However, if we keep the vessel, she will, no doubt, be repaired to Lloyd's requirements.

Yours very truly,

FLOOD BROTHERS, INC.
