by Chief Ship Surveyor

Received from Chief Ship Surveyor

NAME Non-Propelling Bucket Dredger "NO.520" Rpt. Rot. 24752
 Abn. No. 18732

remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/32.)

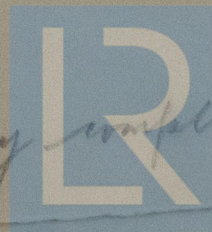

of Survey

It is submitted the reports be forwarded to the Southampton Surveyors for their information, and they should be informed that their report on the completion of the Survey is awaited.

The Rotterdam Surveyors should be requested to state whether having regard to the requirements of Section 32, Paragraph 1 of the Rules, they are correct in reporting cement laid in the peaks only, and it should be added that in all future cases where the Rule requirements are proposed to be departed from and alternative arrangements adopted such proposals should be submitted for the consideration of the Committee before the completion of the work.
