Lloyd's Register of Shipping.

Port BAHIA BLANCA

14th April 1949

This is to Certify that I have

Surveyed the steel screw steamer "JAMES CLUNNES" 5790 tons net
 register of LONDON, whilst afloat and alongside at Galvan Port,
 Bahia Blanca, on 8th April 1949 and subsequent dates, for leak
 in bottom shell plating,-----

and that I have transmitted to the Committee of Lloyd's
 Register of Shipping, London, a Report, stating that all repairs
 recommended by me have been completed to my satisfaction, and
 that I have Recommended that she be continued as classed,
 without fresh record of survey, subject to further examination
 of the shell plating and the necessary permanent repairs being
 carried out at the earliest convenient opportunity. Also subject
 to all other conditions attached to the vessel as previously
 recommended-----

being fit to carry dry and perishable cargoes-----

[Signature]
 Acting Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society".
