71, Fenchurch Street, E.C. 3.

27th September, 1919.

Dear Sirs,

With reference to your First Entry Report No. 31317 on the Steam Trawler "JAMES McDONALD", I have to acquaint you that I am in receipt of a letter from The Jutland Steam Trawling Co. Ltd., of St. Andrew's Dock, in which they refer to the change of this vessel's name to "GRAND FLEET", and ask for the usual letter addressed to the Board of Trade, indicating that the Society's requirements as to survey have been complied with.

With regard to this request I may say that on the 21st July last an intimation was received from the Admiralty to the effect that the "JAMES McDONALD" had been sold to Messrs. W.A. Massey & Sons of your port, and I shall therefore be glad if you will call upon The Jutland Steam Trawling Co. with a view to satisfying yourselves that they are the purchasers of the vessel, and that the sale has actually been completed.

Provided this matter is in order, the requisite Board of Trade letter will be issued on payment of the outstanding fee for the survey of the machinery during construction as per your Report, andyou will be good enough to inform The Jutland Steam Trawling Co. accordingly, and advise me of the result as soon as possible.

I am, Dear Sirs,
Yours faithfully,

Secretary.

The Surveyors,

HULL.
