29th November, 1920.

~~XXXXXXXXXX~~  
SHIP AND ENGINEER SURVEYOR.

All communications to be addressed--

P.O. BOX 48, YOKOHAMA.

Dear Sir,

Reference

In reply to the enquiry contained in your letter of October 5th (forwarded to me here from Kobe office) I have state that the quality of the workmanship in the new steamer "MALAGCA MARU" was excellent and in every way satisfactory and regret this statement was inadvertantly omitted from the First Entry Report.

In regard to the steamer "OMSK" the Electric welding of the shell landings under the starboard ash shoot was not examined by me, as I was not aware of those repairs at the time this vessel was in dry dock at Kobe on May 25th.

Yours faithfully

*Arnold Bennett*

The Secretary,

London.
