

COPY.

29th August, 1939.

Dear Sirs,

I am directed to acquaint you that the Committee have had before them a report from the Society's Surveyor at Fleetwood on the steam trawler "RUDYARD KIPLING" from which it appears that a number of boiler tubes are thin and in the circumstances he has recommended that these tubes should be again examined about February next, and the Committee have accordingly continued the vessel's classification in the Register Book subject to this being done.

I am, Dear Sirs,

Yours faithfully,

Secretary to the
Liverpool Committee.

Messrs. Sun Steam Trawling Co., Ltd.,
FLEETWOOD.
