Lloyd's Register of British & Foreign Shipping,

71, Fenchurch Street, E.C.

6th October, 1910.

Gentlemen,

I duly received your letter of the 4th instant respecting the Steel Screw Steamer No.140 now building by Messrs.Rijkee & Co.,and with regard thereto I enclose herewith the usual letter giving particulars of the freeboards which have been provisionally assigned to this vessel,subject to the deck erections being closed as required by the Regulations for full allowance under paragraph 11;the freeing port area being as required by the Rules,and facilities being fitted to enable the crew to get to and from their quarters without descending into the well.

The outline profile showing the sheers &c.,forwarded with your letter is returned herewith,together with the midship section and profile plan sent for reference in dealing with the sketch of stern frame and rudder of this vessel.

The outline profile should be again forwarded to this Office with your final freeboard report.

I shall be glad if you will be good enough to obtain and forward the usual request form.
