

# BOARD REPORT on the "LOKE"

Convention ordinary and timber deck cargo freeboards have been computed on the basis of the information supplied on form C11 and it is submitted the form be sent to Mr Bulow together with the freeboard certificate and copies.

Mr Bulow should be informed that the penalty required by the Swedish Authorities for the absence of wood at the after end of the raised quarter deck has been applied when computing the timber deck freeboard.

As the Convention Cargo freeboards are greater than those at present assigned, the existing cargo freeboards may be retained & the certificate have been prepared accordingly.
