3rd March 1920. Ford Road, Salford,

Manchester, 22 February 1920

Dear Sir,

I have to inform you that a report has been received from the Society's Surveyors at Manchester on the H.P. and L.P. Rateau Steam Turbines designated Nos. 1725/6, constructed by Messrs. Metropolitan Vickers Ltd., for Messrs. D. Rowan & Co., and stated to be intended for a vessel building for Messrs. T. & J. Brocklebank.

The Manchester Surveyors state that no fee has been charged for this work, as they conclude an inclusive fee will be charged by you on completion and a proportion credited to their Office. In view of this I shall be glad if you will kindly ascertain from Messrs. D. Rowan & Co., and let me know whether the fees chargeable to them should include the fees for the survey of the Turbine Engines at the works of Messrs. Metropolitan Vickers Ltd., Manchester.

I am, Dear Sir,
Yours faithfully,

Assistant to the Secretary.

The Secretary,
GLASGOW.
