recd. 21.10.34.

MIDDLESBROUGH

25th October, 1934.

Dear Sirs, Sir,

H.

With reference to my letter of yesterday's date respecting the alterations proposed to be carried out to the Steamers "MANGALORE" and "MAURURA", I have to state that if the length of the vessels be reduced by 37½' the draught would be increased by about six inches.

In the event of the alterations being proceeded with I shall be glad if you will forward the full particulars required on form C.11 for freeboard reassignment.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The lower deck will abut against the existing stokehold bulkhead, and it is proposed to fit deep brackets along the bulkhead stiffeners to the deck.

MIDDLESBROUGH.

at the upper and Bridge decks the deck would abut against the fore end of the existing bulkhead and a sketch is enclosed herewith showing the proposals at the sides clear of the davings.

With regard to the side bulkheads it is
