It is submitted the Middlesbrough Surveyors be informed

ENCLOSURES. arrangements proposed to get 23rd January, 1935.

of securing continuity of the deck plating outside the line of the casing, and they should confer with the Builders with a view

Dear Sirs, it is not practicable to adhere generally to the

M. I am in receipt of Mr. Scorer's letter of the 22nd instant enclosing a plan, in duplicate, shewing a suggested altered arrangement at the junction of the main deck after shortening in the case of the S.S. "MANGALORE", and the contents have been duly noted.

With regard thereto I have to state that the arrangements proposed do not provide an adequate means of securing continuity of the deck plating outside the line of the casing, and you should confer with the Builders with a view to seeing if it is not practicable to adhere generally to the principle embodied in the proposal shewn on the plan approved on the 13th December last, in which continuity is maintained by through riveting in double riveted deck angles.

The plan in question is returned herewith.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
MIDDLESBROUGH.
