

Tube Shafts, diameter as per Rule ✓ as fitted ✓ Screw Shaft, diameter as per Rule 3.50 met Is the tube screw shaft fitted with a continuous liner  
 Bronze Liners thickness in area of bunkers as per Rule as per Rule 1.0 met as per Rule 1.4 met

St. Sc. "Josephine Charlotte" Rot. 18323.

It is Concluded that the dimensions & scantlings of the Superheater for this vessel are similar to those of her Sister Ship S.S. "Astrida", but Surveyors should confirm this.
