C. K. Hansen.

Copenhagen, 4th February 1932.

Lloyd's Register of Shipping,

Local.

s/s. "CHRISTIANSBORG".

I am in receipt of your letter of the 25th ultimo and the contents have been noted.

With regard to the alterations required for assignment of the new freeboard you have written in Clause 2:-

"17 ventilator coamings 16" in diameter on the bridge, which are 96 inches in height, should be effectively supported",

but I suppose there must be a mistake on this point - as far as I know, there are no ventilator coamings of that height in the vessel - therefore I cannot find which ventilators are referred to, and I should be pleased to have the matter examined as early as possible, in order that the correct information may be given to your Surveyor, who will have to deal with it, when the marks are to be marked.

The vessel is at present trading on America and it is the intention to have the alterations carried out when she arrives in New York, if convenient.

Signed:- C. K. Hansen.
