

9.

18th January, 1892.

Dear Sirs,

With reference to the classification in this Society's Register Book of your Steamer "HUNGARIAN", and to the correspondence which has taken place regarding the boilers of this vessel, I am directed to acquaint you that a report has recently been received from the Society's Surveyors at Glasgow on the case, and that the Committee have allowed the vessel's class to remain undisturbed on the definite understanding that new main and donkey boilers will be fitted in the steamer upon her return from her present voyage, say in about 6 weeks time.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Messrs Bell & Sime,

Dundee Saw Mills,

Dundee.
